**TOGETHER WE CAN MOVE MOUNTAINS**

Because every child deserves a chance!

*Wanna'help!*

# Wanna'Help Foundation

## OUR VISION

There will come a day when every child grows up in a loving environment.

## OUR MISSION

To support and organize activities and projects that contribute to ensuring that more children can grow up in a loving environment. The activities are all delivered in a context of transparency, social responsibility and sustainability.

## OUR MAIN GOAL

Our main goal is to make a positive contribution to existing institutions that are committed to the welfare of children abandoned on by their own families or orphaned.

## The Foundation's aim is to support and organize projects such as:

- Investing in the talent development of orphans and abandoned children;
- Support young women reaching the age of 18 years old to build an independent live during 2 years of intensive coaching and training program;
- Providing educative camps and holidays for children in formal institutions;
- Finding a family for children in formal institutions such as Orphanages through our teams in Romania;
- To help formal institutions with goods needed for the creation of a home environment;
- The reassurance that children stay in school;
- Help families in need with the primary purpose of welfare of the children in that family;
- Discovering and supporting other educational projects that offer the children a better future;
- The Foundation will use all efforts where politics and regulations delay adoption to discuss these with the right institutions so that adoption becomes easier but remains secure.
- The Foundation wishes to encourage more people to recognize the needs orphans have and the help they need until they find a home of themselves.

## ANBI STATUS

Wanna'Help! Foundation has the ANBI Status since 25 March 2014. In the Netherlands this is an important status which allows institutions and companies to donate funds that can be deducted from the income tax up to 50%. For both the donators as well as the foundation, this status is of great benefit.

*This picture was made in one of the gipsy villages in the neighbourhood of Targu Mures. Many of these children in orphanages have their roots in these types of villages.*

# Why? Because over 60.000 Romanian children have been abandoned

The biggest dream of these children is to have a FAMILY...if we cannot give them a family at least we can try to do everything we can to reach as many institutionalised children we can to give them our support, help and love. We invest in their future because we want them not to fall in the mistakes their parents made. Below are orphans who have lived since they were born in the Sewers under the streets of Bucharest.

Here lies a hidden "horrid" World of Bunkers, Catacombs and Sewer systems inhabited by forgotten orphans, the homeless and drug addicts. If we do not give them a chance they might end up like this!

Source: Flabber, [www.flabber.nl/linkdump/plaatjes/heftige-fotos-van-weeskinderen-die-leven-in-de-riolering-onder-de-straten-van-boekarest](http://www.flabber.nl/linkdump/plaatjes/heftige-fotos-van-weeskinderen-die-leven-in-de-riolering-onder-de-straten-van-boekarest)

Many of the children in orphanages in Romania come from very poor villages where families are in need of food, cloths and toys. The children we come across are malnourished and never heard of special baby food, milk or vitamins. When our team visits with packages, we can see a smile on the faces of the children and the twinkle in their beautiful and sincere children eyes.

## OUR ACTIONS

## CHILD SPECIFIC ACTIONS

Talent Development C  
asa Sf. Maria  
55 children

Talent Development  
Casa Kiwi  
10 children

Training Project Betania Bacau  
for 18 years old +  
3 young women in the program

Education Laboratory  
Casa Sf. Elisabeta  
19 children

Kids on Holiday Casa Kiwi

Kids on Holiday Casa Sf. Maria

**In 2017 we started a child specific fund. Every month donators can donate for a specific child and invest in their personal fund. This fund can be used either as a scholarship for studies later on, for the specific needs of the child or for their personal talent development activities. The purpose of the fund will be discussed with the donators and is personalized on every child's needs.**

Marius is 4 years old and was found home alone in care by his 12 years old aunt. The officials discovered that the parents were in another country and he was completely abandoned by his parents. Marius was literally crying himself asleep every night and is now in care at Casa Kiwi. Eefje Perey is one of the donators who donates every month for Marius's fund and future.

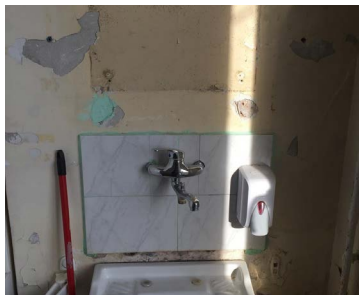

# RENOVATION

## Children's Hospital

In 2016 we started the renovation of the Children Hospital in Tarnaveni together with the company APG SWAP from the Netherlands. The Children's Hospital in Tarnaveni treats every month on average 70 children. Regularly there are baby's left behind in this hospital. It can take months and sometimes years before the baby's are placed in an orphanage or at foster families. Some of the children in our care come from this hospital.

Our team regularly visits this hospital and it was unbelievable that such places are still open for care in the conditions we encountered. Our foundation is one that focuses on the challenges rather than criticising and we immediately decided to improve these conditions and invest in the renovation. Below there are some pictures made before and after the improvements. There is also a movie.

Because of the investment our foundation made, the local authorities released some additional funds to replace all the windows of the hospital. We believe our investment left local impact by setting an example.

# Wanna'Help? Donate!

Foundation Wanna'Help! want an interaction between the donators and our team where we "Want to Help" together children from these environments who had no choice getting there.

## YOU WANT TO HELP?

You can do this by the following means:

- **BECOME OUR AMBASSADOR**
- **DONATE REGULARLY**
- **SUPPORT ONE SPECIFIC PROJECT THAT SUITS YOUR ORGANISATION AND MISSION**
